Wondering if this would work. You know there will be riot police preventing us from getting in the capitol building. What if we created a stampede/crush situation? Start pushing from the back. Surely they will have to get out of the way or get crushed. They're not going to start shooting people...optics, and won't help them anyway. Once we get them out of the way we will have free entry and the back can stop pushing. I know it's dangerous but so is getting shot. Crazy or won't work?

Block the access tunnels and streets to the Capitol Building.

Then the plan is to encircle the Supreme Court and Congressional building so politicians can't leave if they try to make Biden a dictator in chief.

The beast system doesn't care about optics with us.... The beast systems media will run cover for any of us getting murdered by cops.

Get your head out of your ass and accept that they will feed you to the lions.

Your only purpose is to feed the lion your weak arm & stab it with the strong.

Bullets can't stop what's coming.

Let the road to freedom be paved with our corpses.

Bullets can't stop what's coming.

Let our blood overflow the Patomac's banks.

Bullets can't stop what's coming.

Let the grass grow green.

Ideas are bullet proof.
